EXECUTIVE SUMMARY

Accomplished federal leader with a proven record directing complex statistical and research programs, managing multidisciplinary teams, and driving high-impact national projects. Expert in translating complex demographic, migration, and census data into actionable insights for senior leaders, policymakers, and the public.

Recognized for building high-performing teams, delivering influential research products, and guiding cross-agency initiatives that improve understanding of the U.S. foreign-born population, race and ethnicity statistics, remittances, and science and engineering data trends. Adept at strategic communications, stakeholder engagement, and leveraging data to support evidence-based decision-making at the highest levels.

PROFESSIONAL ACTIVITIES AND EXPERTISE

Specialist in international migration, the U.S. foreign-born population, remittances, and race and ethnicity statistics. Experienced in translating complex demographic data into actionable insights for policymakers, senior leadership, and public audiences.

Selected media appearances and invited briefings for national outlets, congressional staff, professional associations, and international expert groups. Extensive record of conference presentations and publications across academic, policy, and public-facing platforms.

Communications, Publications, and Presentations

- Author and contributor to a wide range of professional and public-facing materials, including books, journal articles, research reports, policy briefs, blog posts, fact sheets, and government publications.
- Delivered presentations and briefings at professional conferences, federal panels, and international expert meetings, with select appearances on C-SPAN and other policy-focused forums.

Meeting Leadership and Interagency Engagement

- Coordinated expert panels and working group meetings on international migration, remittances, and census research, engaging federal, international, and academic stakeholders.
- Participated in high-level expert meetings with the United Nations and other international organizations to advance research and policy discussions.
